NEW YEAR'S EVE TRADITION

Colorado Springs Area 4x4 Clubs Recover "The AdAmAn Club" from Pike's Peak

Photo Courtesy of AdAmAn Club Website

Every December 30th since 1922, The AdAmAn Club has begun their trek from Manitou Springs to the top of Pike's Peak. They climb to Barr Camp the first day and spend the night and then continue the climb on December 31st usually reaching the 14,110' summit by mid-afternoon. Then, at the stroke of midnight on New Year's Eve, AdAmAn members and their guests ignite a firework display to welcome in the New Year from the peak.

According to The AdAmAn Club website <http://adaman.org/Home.aspx>, the Club is dedicated to the memory of the original "Frozen Five", Ed Morath, Fred Morath, Fred Barr, Willis Magee and Harry Standley. Their idea was that each year, only one new member would be added to the Club, and as a result, the name AdAmAn

(add a man) was chosen. Each year, members choose one new member from a list of applicants.

Another part of the tradition is that each New Year's Eve, a group of hardy 4-Wheelers from area Clubs forego partying and meet at the bottom of the Pike's Peak Auto Road and make the trek up the 19 miles of switchbacks, hairpin turns, snow, ice and wind to link up at the summit before midnight to carry The AdAmAn Club Member's and Guest who made the climb back down after the firework display is over. This year volunteers from Big Horn 4x4 of Colorado Springs, Colorado Springs Christian Four Wheelers, Colorado Four Wheelers, Colorado Rock Hoppers and Combat Jeeps of Colorado supplied the transportation for those who made the trek.

Letter From the President - Ige Gustavson

The year is up, and the raffle rig has been delivered to the new owner! It feels great to have another successful raffle behind us, but now it's time to look to the next build. We've had a couple people express interest, but no clubs have stepped up. If you think it's hard, it can be, but this build was done by only a few people with a lot of help from our vendors. Most of you already have a relationship with the vendors here and they are willing to help. This is a great way to promote your club and an even better way to create unity and teamwork within your club. It gets people involved who maybe wouldn't volunteer to do things.

Requirements are finding a vehicle, the state association will pay for it as long as it's not too expensive, getting the vendors to donate parts (they will often help with installation also) and bringing it to as many events as possible to sell tickets and talk about what your club did to build the vehicle to the kind of people that we like to talk about that stuff with....fellow four wheelers.

Please talk this over with your club and see if they want to take on the next build! Hopefully we can announce the next build at the first quarter meeting on Jan 19th at the Forney Museum of Transportation in Denver. They'll be featuring vintage campers while we're there. One way people have done exactly what we love...exploring the outdoors, so it should be a great exhibition.

We will have a lot of business to discuss also, including nominations, webinars, and meeting days. I had a person from one club ask if they could attend, so I hope our delegates are letting their members know that these meetings are open to everyone. As many members of a club can attend as can folks who are not members of the association, but only two members from member clubs can vote.

My term as president is one of the positions up for election and while I've gotten a lot done, it's time to hand the reins to new blood. Talk it over with your club members and see if anyone would like to take over. Many of the board members are multi-term members and we could really use folks who haven't been around to bring in some fresh ideas. I would love to see more young people who are a bit more tech savvy and in tune with the millennial generation. Some of us just don't understand them, but they are the future and we need people that can relate. The old board will be around to help you with any questions, so you won't be alone. If you know someone you think would be good, please talk to them and get them to show up to the meeting in January.

Come to the meeting, meet us and other club members, tell us what you think we could do better or what you think we're doing right. We really want to be what the member clubs need us to be, but without your input, we can only guess what we need to do. See you all on the 19th.
